

Unit 03: "Wine Sales Problem"

[Submit Assignment](#)

Due Aug 19 by 11:59pm **Points** 250 **Submitting** a file upload
File Types pdf, csv, txt, and py **Available** Aug 6 at 12am - Aug 22 at 11:59pm 17 days

This is your third homework assignment. It will be challenging and time consuming. It would be wise to begin the assignment immediately. The homework assignment, data dictionary, and data files are included below.

Rules of Engagement

- Work alone. No teams.
- You may discuss your thoughts and ideas with others, but this must primarily be your work.
- Feel free to post questions to the discussion board
- Clearly label your BONUS work and indicate how many points you believe that you deserve (so I know what to look for). If I don't see it, you can't get credit.
- Upload your files when complete

FILES:

To complete this assignment, download the wine sales homework instructions: [HW 03 Wine-4-2.pdf](#) 

Next, download the accompanying [DataDictionary](#)  and the following data files:

[wine_train.csv](#) 

[wine_test.csv](#) 

[wine_test_random.csv](#) 

Python Shell Code: [HW03 Wine Shell-1.py](#) 

A note on Hurdle Models: [Hurdle Models.pdf](#) 

Hurdle Shell Code: [hurdle shell code.R](#)
