WINE SALES PROJECT (250 Points)

WRITE UP (200 POINTS):

1. DATA EXPLORATION (50 points)
Nice wine pic.   Good discussion of the data and the heatmap is a good start.

Score Points 50

2. DATA PREPARATION (50 Points)
Data prep choices look good. When you say that wine taste is outside your knowledge that implies you are giving up on doing a good job. You have many wine references to rely on. Never state in a report that you are giving up due to lack of knowledge. Read the references.

Score Points 40

3. BUILD MODELS (60 Points)
Very nice modeling approach. Well done.
